LIVES**

Few things are as personal as your health.

Unfortunately, sometimes there are financial obstacles between you and the healthcare you need.

Gifts of Hope provide free mammograms and diagnostic services for women (and men) who need financial assistance. Pap tests and/or pelvic exams are also available for women who need them.

Tell your provider you want to use Gifts of Hope funds and it will be arranged, no application is necessary.

These funds are meant for people who:

- Have no insurance
- Have a health insurance policy that does not pay for these services
- Cannot pay deductible or co-insurance amounts

Contact your provider if you have any questions.

Atkins Family Medical Clinic

401 Cardinal Ave., Atkins

319-446-7800

Urbana Family Medical Clinic

1002 W Main, Urbana

319-443-5000

Van Horne Family Medical Clinic

205 Main, Van Horne

319-228-8000

Vinton Family Medical Clinic

504 N. 9th Ave., Vinton

319-472-6300

In the event you receive a diagnosis that requires treatment, though unable to provide direct financial assistance, there are other programs available to help, and Virginia Gay Hospital personnel will help you any way possible.
